

Hillsborough County CIP Viewer User Guide

How to Access:

This application is best viewed in Google Chrome or Firefox browsers on a desktop computer. When opened, a splash screen will display. Click "Accept" to view the disclaimer and proceed to the viewer.

A version of the application for mobile devices is in development.

Overall Layout:

The CIP Viewer is a panel based application with interactive elements. These include a map, filters, project statistics, project list and project details. Each of the elements will update based on current selections, filters, or the map view.

To expand any individual panel (section), hover over the top right corner and click the .

Filter CIP projects by type, phase, and/or location.

Interactive project listing and count.

Interactive map.

Selected project(s) details. Click link at top for printable Fact Sheet.

Filters:

To filter the projects, click one or more categories. To remove the filter, click again to unselect.

Click to apply one or more filters. Click again to clear the filter.

Click the drop down arrow to select a community area. Select none to remove the filter.

Project Search and Filter
